

FUSION

A NEW REALITY FOR KINGDOM MINISTRY

Rhonda Hughey-
Fusion Ministries

Dear friends,

Transforming revival is accelerating across the earth! George Otis, Jr. recently shared with us a statistic that 1,000 communities in the earth have been impacted by God's presence and power! Now, we also have some glimpses of hope for crossing the threshold of breakthrough here in the United States!

These are intense but important days to get focused and stay focused on God's Kingdom purposes for our nation! Be encouraged, the Lord is drawing near and our preparation for His presence matters!

We are committed as a ministry to see God's glory poured out in our day!

June 2009

Wes Adams

Fusion + IHOP = Community Impact!

IHOP Students Ready to Go!

In May Fusion Ministries helped lead a unique ministry trip by leading a team of 150 students from the Int'l House of Prayer to two communities on the road to transformation! It was a huge investment for us requiring hundreds of hours of meetings, prayer, planning and financial sacrifice but it was worth every minute! During the weekend we experienced the manifest presence of Jesus! Over 100 people got saved! Dozens of people were healed including a man with cerebral palsy who had been in a wheelchair for many years! We experienced the favor and blessing of the Lord on the united congregations who have established a foundation of prayer, humility and repentance in their communities. We experienced Kingdom "fusion" of IHOP students, a YWAM team, and the children's ministry team and our transformation team! We served 10 different congregations and the Lord met us and partnered with us to bless and impact 2 communities for His glory!

Council Bluffs

We focused the ministry in Council Bluffs at a skate park and a mobile home park in addition to 2 hours of prayer and evening services. The "GX Jam" YWAM professional skateboard team joined us and the outreach was an explosion!! 200 people showed up! Over 20 young skaters got saved!!

At the Bluffs Acres Mobile Home Park we had a "prayer fair", offering "free" prayer to the residents. It was awesome!! So many adults stopped by for prayer! 35 people were saved! Families were restored! The children's church team from IHOP was amazing, 8-9 year old children preaching the gospel for hours to dozens of children sitting around them, it was quite a site! This was no typical "entertainment" for

Prayer Fair Tent!

A Family Meets Jesus!

kids! The house of prayer in Bluffs Acres was filled with the presence of the Lord. This community of 500 homes and 2,000

people is being impacted with the love and presence of Jesus through His church in Council Bluffs!

Several people came to the evening services from the home park including children who had just gotten saved! One couple who were living together got saved on Saturday during the prayer fair and recently got married in one

of the congregations during a Sunday morning service!

2 Brothers Meet Jesus!

The pastors are beginning a Bible Study and children's church in the home park this weekend to respond to the newly saved and interested families. In addition the young adults from the unified congregations lead a house of prayer worship/prayer on Friday nights together. The transformation of Bluffs Acres is just beginning!

House of Prayer in Bluffs Acres!

North Omaha!

We began our outreach in N. Omaha by spending 16 hours together worshipping and praying in the new house of prayer. It was sweet with the presence of the Lord!

House of Prayer

Saturday morning during a worship/intercession set we were praying for the youth of N. Omaha and all of a sudden a young man walked in! right off the street! Pastor Dennis talked to him and brought him up front and we paused the meeting as this young man poured out his heart and then accepted Jesus right there in front of all of us!! He was drawn in to the meeting by the presence of the Lord!

Saturday afternoon we opened the doors to the house of prayer and sent teams out into the neighborhood. We

set up drums/rap worship out in the parking lot and cooked hot dogs. Teams held up signs that offered free hotdogs and free prayer! We spent the afternoon praying/ministering to many people. It was so powerful! At least 12 people were saved, others were healed and we had a blast making Jesus real and available with His power and presence to the community!!

The evening services were incredible! The Lord focused His attention on the young people and children. Our team loved on them, especially the children. On Saturday night the Lord broke in with such power! His presence manifested in the meeting during the worship, He came with the heavy weight of His presence. 4-5 little boys were bowed down on their faces at the altar! It was an amazing time, just to BE IN the presence of the Lord,

I haven't experienced that for a long time...too long!

By the end of the night a joy and freedom broke out among the children and youth! It was total liberty and joy of the Lord that was uncontrollable.

That weekend we saw the power of

Tyrome & Jeri Charleston

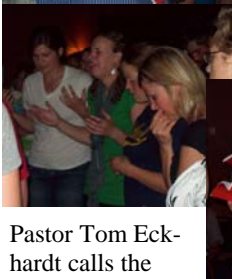

Worship on the Streets!

ministering TO the Lord in the house of prayer and then taking the fire on the altar OUT to

the people in the community!

Our IHOP team fell in love with N. Omaha and we are looking forward to continued trips back!

Peoria, Illinois

Pastor Tom Eckhardt calls the young adults to a Revolution of Purity! Each young adult received a copy of the "Call to Purity"!

The last weekend of May, I made my first trip to the city of Peoria, Illinois. I have never had such a weekend in a city on a first trip! The hunger and preparation of the people was amazing! Friday night I ministered to about 50 young adults representing several congregations in the city. I preached about spiritual revolution and concluded by challenging them to launch a "revolution of purity", it was a powerful night! The leadership consultation Saturday was amazing—hungry, humble leaders, ready for transformation! Sunday night I spoke at a citywide gathering and the Lord was present in such a tangible way. I preached on

the glory of God, spiritual "fire" broke out in pockets of the gathering—the power and presence was so thick. The service and ministry time continued for 4 hours! I left the city

Huntington, WV

In March Steve Freeman and I traveled to Huntington W. Virginia with a team of young adults from the house of prayer in Ft. Wayne. We had an amazing weekend including a leaders consultation, a transforming revival seminar, 2 young adult meetings and speaking in congregations! The weekend was marked by numerous supernatural encounters with the Lord! People were emotionally and physically healed! One woman was saved! The presence of the Lord was thick in our midst several times! It was such a great weekend! The leaders and people are hungry for God's presence and increasingly deepening their foundation and preparation for transformation. They have great favor with the city officials who now attend the meetings and give God glory for the many prayers He has answered on behalf of the needs of the community!

Healing Rooms FL

In January Wes and Jane traveled to Florida where Wes spoke several times including at the dedication of the new facility for the Healing Rooms Ministries of South Florida. Wes serves as the Vice President of this ministry which continues to see significant numbers of people with impossible, even terminal illnesses be healed! People are continually coming for prayer and many are being healed of cancer, diabetes, heart disease, deaf ears and much more! Rich and Dottie Kane started the first healing room in S. Florida and are now the state directors of the 16 different healing rooms locations in the state of Florida!

Key Meeting with George Otis!

On Memorial Day, Wes and I spent the day with George Otis, Jr. at his home in Seattle. We had a great time catching up and hearing fresh transformation testimonies! George was passionately sharing with us that transformation is about to explode globally as the movement grows, deepens and hunger spreads—a conviction that we share. Our central purpose for our meeting was to discuss our upcoming book on transforming revival. George was very excited about our new book calling it an “epic work” and said it was a much needed resource for the transformation movement.

We were encouraged by our time together and the days of continued partnership ahead!

During our time in Seattle, we were hosted by wonderful friends at the Seattle Discipleship church. Sunday morning Wes preached a powerful message on the Kingdom of God and its revolutionary nature! We had such a great weekend of fellowship and ministry time with them!

Team Update!

During this season of writing our book and taking the message of Transforming Revival to cities, we have encountered vicious attacks of the enemy. In February, I had the first of *three* complicated retinal reattachment surgeries which has involved terrible complications, pain and months of recovery. I am trusting the Lord for full, supernatural healing of my right eye by my *final* check-up on July 7th!

We continue to contend for Jane’s healing,. Although the Lord has continued to mercifully sustain Jane, so far we have not had a decisive breakthrough. Wes and Jane are considering a possible kidney transplant for her and need much wisdom!

We have faced real challenges financially during the last 6 months Thank you for your faithful partnership during this important season of the ministry! We are looking forward to the breakthrough and new season ahead! If you are not currently partnering with us at Fusion Ministries, please prayerfully consider doing so! These next months are critical for us! Thank you for standing with us and for contending for a BREAKTHROUGH of revival in the days ahead in our nation! We appreciate your prayers for our team and ministry!
